BODY OF LIEUT. GARTIN TO LIE IN STATE IN BAPTIST CHURCH BEFORE FUNERAL

Services For Deceased Soldier Will
be Held at Two O'clock To-
morrow Afternoon

COFFIN TO BE OPEN 3 HOURS

More Than Thousand People Stand
in Rain For an Hour Await-
ing Arrival of Train

WORD FROM CAMP TAYLOR, KY.

Message This Afternoon Said Mil-
itary Escort Was on The Way
For Services

The funeral services of Lieutenant Walter Gartin, who died at Camp Taylor, Ky. Tuesday night and whose remains reached this city last evening will be conducted at the First Baptist church Thursday afternoon at 2 o'clock. For three hours before the hour set for the service the body of Lieutenant Gartin will lie in state in the church in order that his many friends will have an opportunity to see him and pay the tribute, the respect and grief which all Rush county feels in his death. From eleven o'clock on, the church will be opened that the friends may enter.

The old soldiers of the Civil and Spanish American wars will honor Rush county's first hero of the present conflict and attend the funeral in a body. They will meet at the sheriff's office in the court house at one o'clock to go.

Late this afternoon word was received from Camp Taylor that a military escort would be sent here.

Business will be suspended during the hour of the funeral from two until three o'clock. Business houses will display American flags honoring the deceased soldier.

The Rev. C. J. Bunnell, pastor of the First Baptist church of which Lieutenant Gartin was a member, will have charge of the funeral services. Judge Will M. Sparks, speaking for the citizens of Rush county, will also give an address at the funeral. The Uniform Rank Knights of Pythias will conduct a lodge service after the regular service. Burial will be made in East Hill cemetery.

That the body be allowed to lie in state for several hours before the funeral was the request of the committee of citizens appointed by the mayor and that Judge Sparks speak for all Rush county and their appreciation of the young Lieutenant was also the request of the committee. Members of the committee visited the business houses today requesting that they close tomorrow afternoon.

More than a thousand citizens of Rushville and Rush county paid a silent and beautiful tribute to the memory of Lieutenant Walter Gartin last night when the body arrived at the Pennsylvania station from Camp Taylor at Louisville.

For an hour before the train arrived friends of the young lieutenant thronged the station and crowds stood in the pouring rain for almost a block in every direction. Scores of automobiles were parked in the vicinity of the railway station and as the train steamed into the station the bell in the court house began tolling which continued until the hearse bearing the body had passed through the city. The streets in the vicinity of the station were lined as the funeral cortege passed through an aisle made by the crowds and as the body of the beloved soldier passed, hundreds of men stood with bared heads.

An impressive farewell service was tendered at the station in Louisville by forty members of Lieut.

Flag As a Gift Of
Citizens Will Drape
The Lieutenant's Coffin

An American flag will be presented by the citizens of the county to every Rush county soldier who dies in the present war and is buried here. The beautiful custom was started today in the presentation of the huge American flag which is draped over the casket of Lieutenant Walter Gartin, and which will be lowered into the grave with his body.

The committee, appointed to select the floral offering for Lieutenant Gartin, chose instead to give the Stars and Stripes, which speak for the cause for which Lieutenant Gartin's life was given.

A permanent fund will be established for this purpose made up of voluntary offerings and from which will be taken money to purchase flags for any Rush county heroes, in case their lives are taken.

Gartin's company as the casket was carried through the station to the train. Four fellow officers acted as pall bearers, carrying the body through two columns formed by soldiers who stood at attention.

HORSE'S KICK FATAL TO WILLIAM BALDWIN

Former Rushville Boy, Age 14, Dies
From the Effect of Injuries
At Connersville

LEFT HERE THREE YEARS AGO

William Jasper Baldwin, age fourteen years, a resident of this city until three and a half years ago, died yesterday at Connersville as a result of injuries sustained late Monday when he was kicked in the head by a horse. The funeral will be held at the home of the boy's grandmother, Mrs. Rumford, formerly Mrs. Baldwin of this city, with whom he lived and the remains will be brought to the East Hill cemetery in a motor hearse, arriving here about 1:30 o'clock. The Rev. C. S. Black of St. Paul's M. E. church will perform the services at the grave and burial will take place in East Hill cemetery.

The Baldwin boy was leading a horse from a Connersville livery stable to a watering trough. The horse was unmanageable and the boy slapped it over the back with the slack end of the rein. The horse jerked loose and kicked him in the forehead, inflicting fatal injuries. The boy will be remembered here as the grandson of the late William J. Baldwin, flagman at the Main street C. & W. crossing for years, who died Jan. 1, 1915 here. Following his death the widow moved to Connersville. The boy was the son of Charles Baldwin, who now lives in Connersville, but his grandparents always cared for him. He was feeble-minded and local authorities tried several times to place him in a home.

LETCHER POPE IS BETTER

Letcher Pope of the headquarters company of the 139th field artillery at Camp Shelby, Miss., who has been sick for the past four weeks with pneumonia is improving. The word was received in a telegram today saying that at the time the message was sent, he was sitting up in bed writing a letter home. He has been in a very serious condition and his lung has been tapped twice.

LIEUT. IVAN COYNE HURT

Thrown From Horse and Leg is
Badly Sprained.

Lieutenant Ivan Coyne of Camp Taylor, son of Mr. and Mrs. M. M. Coyne, sustained a badly sprained leg Sunday when the horse he was riding threw him from its back and as his foot remained fastened in the stirrup, dragged him a considerable distance, holding his leg in such a position as to cause the sprain. The ligaments were badly torn and the accident will keep him in the infirmary for some time.

COLD WAVE COMES ON DROP OF 42 DEGREES

Change of Temperature Made in
Twelve Hours Time—Cold
to Continue

LAST TRACE OF SNOW IS GONE

A drop of 42 degrees in the temperature within 12 hours brought in very forcibly the weather man's prediction of another cold wave. The thermometer last evening registered 50 degrees above zero and twelve hours later, at 6:30 o'clock this morning, the mercury had fallen to 16 above zero. It had climbed only two degrees by noon when it touched 18 degrees above zero.

Last night's heavy rain washed off the last traces of the heavy snow which was on the ground for weeks and the slight snow flurries this morning had soon blown away leaving little if any evidence of the snow.

The colder weather has brought a greater demand on the coal dealers for coal although nothing like as serious as it was during the blizzard. Two cars of coal were received in the city yesterday and sold out quickly today.

Tomorrow's prediction is far from encouraging with the weather man's report "Fair and colder tonight. Thursday fair and continued cold."

STORM BREAKS OVER GIVING WILSON POWER

Mut Not Lose Sight of Keeping America Democratic, Underwood, Democrat, Says

NO PRESSING NEED OF SPEED

Washington, Feb. 20.—The long expected storm over granting President Wilson any further general blanket war powers broke today in the senate. Sen. Underwood of Alabama, democrat, in a speech on the railroad control bill said:

"While we send our soldiers to fight to make the world safe we must not lose sight of keeping America democratic."

Underwood declared congress should not confer general powers on the president but should specify and limit his powers.

The speed necessary at the beginning of the war is no longer essential, Underwood asserted, now that pressing war needs have been met.

LIBERTY LOAN POSTPONED

Campaign Will Not be Conducted
Until April or Later

Washington, Feb. 20.—Sub-normal economic and business conditions brought about by several war developments have caused postponement of the third Liberty Loan until April or later.

Originally set for Feb. 15, is was stated on high authority the bond issue has been held up until a restoration of normal conditions shall have brought about a more receptive market.

GREATEST BATTLE MAY BE IN OFFING

With Every Drop of German Blood
Left, Hindenburg Will Assail
on West Front

TO USE TANKS FOR FIRST TIME

Bulk of The Germans Are Untrained
For Methods of West Front
Warfare

German Raid Repulsed
(By United Press.)

London, Feb. 20.—After a heavy bombardment of the British lines east of Artois the Germans attempted a raid Field Marshal Haig reported today. It was completely repulsed. A number of Germans were killed and some made prisoners.

Washington, Feb. 20.—Both the allies and Germans are "ready for battle" on the west front Secretary Baker announced today in his war review.

The Germans recently withdrew a number of west front units and are training them in mobile warfare.

According to advices, the German general staff hopes by massing a large number of troops which have been intensively trained, they may deliver a crushing blow.

However, "the bulk of the German forces are now assembled in the west and are untrained in the methods of western front warfare."

British Armies in the Field, Feb. 20.—Civilization is on the threshold of the greatest battle of the times.

With every drop of blood Germany has left, with every bit of war machinery and every ounce of strength behind them Hindenburg will hurl all into a finish fight.

For Hohenzollernism this may be the critical hour. The Germans will use tanks like the British for the first time.

Some of these will be equipped with mortar others with machine guns. They will move almost 4 miles an hour.

The enemy is counting largely on gas. The infantry will be driven forward with ferocity.

From pieces from mortar to 42 centimeter guns, all will smash against the British, the attack centering in the Cambrai region, although blows are expected along the entire front. The German officers are telling their men wild stories of the infallibility of the scheme.

The whole future of the world will be decided. The Britains and their allies know this and will act accordingly.

GERMANY CONTINUES INVASION OF RUSSIA

Troops Advance on Riga-Petrograd
Railroad Despite Russ Proffer
of Peace.

SOME RESISTANCE IS SHOWN

(By United Press.)

London, Feb. 20.—Germany continued her invasion of Russia today despite word from the Bolsheviks that they were willing to make peace.

The Berlin war office announced that the invading forces had advanced 12 miles on the Riga-Petrograd railroad. More than 2,500 prisoners have been taken with considerable quantities of supplies.

There was some resistance. In explanation of the continued advance, Gen. Hoffman, leader of the German militarists at the recent conferences, said that Germany wants proof of Russia's willingness to give in to German peace terms.

William Call of Knightstown underwent an operation at the Dr. Sexton Hospital this morning for gall bladder trouble.

REDISTRIBUTION FLOUR ORDERED

Administrator Lovett Ordered to
Pool All Flour in Rushville and
Rush County

RULE RESTRICTS THE SALE

Retailers May Sell Only One Pound
Per Capita a Week The
Order Specifies

Because of the acute wheat conditions which are existing through the state, local retailers of flour have been restricted in the sale of flour to one pound per capita a week with a maximum of five pounds in the city and twelve and one-half pounds in rural districts.

County food administrator Lovett of Carthage has been ordered by the state administrator to pool the local stock and to re-distribute it on equal basis. This will be done immediately by Mr. Lovett who admitted this morning that there is a most serious shortage in flour and that the wheat situation is far more critical than in any other line of food stuffs.

A meeting of Rush county grocers has been called by Food Administrator Lovett for Friday afternoon at 1:30 o'clock in the sheriff's office at the court house. Mr. Lovett, at this time, will explain fully the new plan and the situation which is demanding it. Plans will be made at the meeting to see that the flour is properly distributed and that the rulings on flour are obeyed. The plan to see that the rulings are obeyed is necessitated by the fact that some grocers as well as consumers have been rather lax in observing the fifty-fifty rule on substitutes. All grocers have urged the buying of substitutes in equal amount with the flour but the range of substitutes permitted by them is far wider than the administration intended. Some consumers, it has been reported, have purchased the substitutes required but have bought amounts of flour from several grocers on the same day.

"The steps being taken by Mr. Barnard are necessary to avert a crisis in the flour situation," asserted Mr. Lovett, "and it is the duty of every citizen to co-operate cheerfully with any restrictions laid down by either the county or state administration." Dr. Barnard's order as received by County Administrator Lovett follows:

"Owing to the acute condition of the wheat situation, notify immediately all retailers to restrict until further notice sale of flour to basis of one pound per week per capita and not more than five pounds in city and twelve and one-half pounds in country, still adhering to the fifty-fifty substitutes. Take immediate census of all flour in distributors' hands. Pool stocks and redistribute on equitable basis. Do not allow flour to leave your county without notifying me, except as to individual consumer. Am organizing flour distribution bureau to handle situation whenever county organization cannot provide adequate supply. Situation very critical. You must handle local problems."

Previous to the issuance of the above order residents of Rushville were allowed to purchase a fourth of a barrel of flour while residents out in the county could buy a half a barrel at a time.

CLASS MEETING THURSDAY

The members of the Always Present class of the Christian Sunday school will be entertained on Thursday evening by Miss Rema Offutt at her home in East Sixth street. Each member is asked to bring a thimble as the evening will be spent in sewing for Red Cross.

U. R. K. OF P. NOTICE

All members of the Uniform Rank, Knights of Pythias, are urged to be at the hall at one o'clock tomorrow afternoon to attend the funeral of Lieutenant Walter Gartin.

CHAPTER MAKES 20,086 ARTICLES

Number of Supplies Completed
Proof of the Rush County
Women's Loyalty

15 AUXILIARIES DONE MUCH

Bandages, Knitted Goods, Trench
Candles, Hospital Garments
Are All Sent

Red Cross workers have made 20,086 articles since the organization of the Rush county chapter. This report was made by the secretary, Mrs. Harrie Jones, at the last meeting of the executive committee showing the total of all shipments made from the headquarters in hospital supplies, surgical dressings and knitted goods. The work was done by the local women and by the fifteen auxiliaries over the county. The figures are excellent proof of the enormous amount of work that is being accomplished and of the energy that Rush county's loyal women are expending in the interests of war relief.

Eleven thousand two hundred and twelve of these supplies were surgical dressings of different kinds. Next in number come the pillow cases for there were 1250 pillow cases in the number. One thousand and forty of the supplies were towels. Many of these were made by clubs and societies at their regular gatherings, as were the handkerchiefs of which there were 446.

Some of the garments take a great deal of care and occupy one afternoon of a workers time to complete after they are cut out. Of these garments which are used in the hospitals for sick and convalescing soldiers, Rush county women have made 718 bed shirts, 433 pairs of pajamas, 352 bathrobes, 284 bed socks 192 shoulder wraps.

Even the scraps from the garments are utilized to advantage and from these comforts, comfort pillows and rugs have been made for use in the hospitals. The finest scraps are cut into featherlike pieces to stuff the comfort pillows which soldiers place under an arm to rest it or another injury. The warm comforts have also been pieced from scraps from garments and made at practically no expense, although they will prove of great service. The rugs are small and are placed near the cots. They are made of long strips of goods sewed together and knitted into durable rugs.

The knitters have done their part toward this excellent record. Beginners at the art have handed in 571 washcloths. Six hundred and one sweaters have been sent in, 913 boys are wearing socks that have been knitted by Rush county women, 235 have scarfs made here and 119 pair of wristlets have been sent in. Six helmets have also been knitted.

Every boy in Company B., in the

It's The Plugger Who Wins

Nine cases out of ten it is the man who is on the job early and late, keeping everlastingly at it who wins.

It is doubly so in advertising.

The advertiser who reaps the golden harvest is the one who has everlasting faith in himself and who keeps hammering home his belief day after day.

He need not be clever, or witty—he must be sincere.

He must have faith and works.

The advertising columns of this newspaper contain many examples of earnest men who day after day keep on the job.

Usually these people are too busy to think or talk about the so-called strenuous times.

MOBILIZATION IS STOPPED

Russian Government Delivers This Order Tuesday.

Petrograd, Feb. 20.—The mobilization of the Russian army and fleet has been stopped, it was announced Tuesday. The Russian troops have been ordered to resist the German advance and to evacuate positions only when necessary, destroying property as they fall back. There will be a stubborn defense of Petrograd.

Foreign Minister Trotsky announced the Germans at Brest Litovsk reduced the indemnity they asked of Russia from four billion to 1,500,000,000.

SUIT NEW BUT HOLE IN SHOE

Bad Teeth Like Bad Shoes Spoil Fine Dress and Good Looks

PEOPLE NEGLIGENT IN CARE OF MOUTH

Senreco Tooth Paste Powerful To Save the Teeth and Prevent Diseases

"All dressed up with a hole in his shoe," was a bit of sarcasm a girl flung at a young man friend whose entire outfit was new except his punctured shoes. Right enough, too. Either to man or woman a shabby pair of shoes would spoil the appearance of the most elegant garments ever worn.

What about the teeth? Dress in all the finery you please, if you open your mouth exposing a decayed set of teeth your attractiveness ends right there. That's a hole in the shoe for you. This applies both to men and women. Girls, and young men, you lose half the admiration which would be directed toward you if you have bad teeth. You can't be pleasing with a mouthful of decay. You can't be healthy either. The condition of the teeth have a telling influence on other organs of the body. Bad teeth affect the intestines, stomach, heart, and even the eyes. Medical science shows that bad teeth produce unhealthy conditions all over the body.

With Senreco Tooth Paste at your service—a scientifically prepared preventive of Pyorrhea—there's no need of failing a prey to these ills. No need of having a mouthful of decayed teeth. Used regularly on a set of good teeth the deadly germs have little chance to enter. If they should enter they can't exist long under its thorough cleansing properties. As a cleanser and preventive of disease of the teeth it is positively reliable. Advanced cases should be treated by your dentist.

Use Senreco Tooth Paste as a preventive. Ask your dentist if you should not pay all attention to your teeth. Of course we won't say our Tooth Paste will cure Pyorrhea. If you already have it, your dentist is the man to go to. Even if you are afflicted with his terrible disease Senreco Tooth Paste will help you to get rid of it, with your dentist's assistance. But we don't expect excellent care of your teeth you may save stomach, intestinal, heart and eye troubles. Take all precaution to keep the teeth clean and do it with Senreco Tooth Paste, the latest discovery of dental science. Sample of Senreco free if you wish it. Senreco Tooth Paste, Cincinnati, Ohio.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffing, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

DIES AFTER ILLNESS OF ONLY 24 HOURS

Rush Lee, Posey Township Farmer, Found to be Suffering With Abscess on Intestines.

LEAVES WIDOW AND DAUGHTER

Following an illness of less than twenty-four hours' duration, Rush Lee, a well known farmer of Posey township died at his home, two miles northwest of Arlington this morning shortly after eleven o'clock.

Mr. Lee became ill last night about six o'clock and during the night three doctors were with him constantly, but were unable to discover the exact cause of his illness. After his death this morning, however, a post mortem disclosed that an abscess had formed on his intestines, causing his illness and death.

The deceased is survived by his widow, one daughter Alta, two brothers, Arthur Lee and Thomas Lee and three sisters, Mrs. Adenia Ellison of Walker township, Mrs. Florence Hinderleter of Fairhaven, Florida and Mrs. Fanny Benjamin of Burney, Mo.

Mr. Lee had resided in Posey township during his entire life and his sudden death comes as a shock to the entire community in which he lived. He was an active member of the Christian church of Arlington, and for several years had served in the capacity of treasurer of the church.

COUNCIL MAY BUY NEW TRAFFIC POSTS

Gets Proposition at Regular Meeting Tuesday Night and Determine Question Soon

MONTHLY REPORTS HEARD

City council met in regular session last night and did nothing aside from transacting routine business allowing claims and hearing the reports of city officials. The city treasurer's report showed net available funds in the city treasury \$28,170.72.

The council has under consideration a proposition to buy a number of traffic posts and "drive slow" signs to be located at the intersections of streets near school houses. Rome Williams, representing the W. Q. Oneal company of Crawfordsville was before the council trying to interest them in signs. He left a sample of the traffic posts at the corner of Third and Morgan streets for the inspection of the city council a few days. It is likely that the council will buy some of the posts. They sit on a heavy cast iron post, but are not heavy enough to damage a machine in case one was struck by an automobile.

TO GET SUPPLIES SATURDAY

Township Assessors Are Called by County Assessor

A meeting of township assessors has been called by the county assessor, Henry Schrader, for Saturday at the court house. The township assessors will receive their instructions and supplies preparatory to beginning work the following Friday, March 1. The county assessor has a long list of instructions designed to stabilize the valuation of staple products and these will be explained to the township officials.

PUBLIC SALE

Having sold my farm, we will sell at my former place, one-half mile east of Gowdy, five miles northwest of Milroy, three miles north of Moscow, on

WEDNESDAY, FEBRUARY 27, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP

4 Head of Horses 4

1 black gelding, coming 9 years old, thoroughly broke, draft built, approximate weight 1750 pounds. 1 bay gelding 5 years old, draft bred, not so large. 1 general purpose gelding 7 years old. 1 gray Belgian mare, coming 5 years old.

12 Head High Grade Shorthorn Cattle 12

Consisting of 1 roan cow, fine breeder, with calf to show; due to calve in June. 1 cow due to calve in March. Another one in May. 1 heifer, due in April. 2 yearling heifers. 1 weanling heifer. 1 fat cow. 1 extra good feeding steer. 2 coming yearling steers. 1 six-months old steer calf.

12 Big Type Poland China Brood Sows and Gilts

Consisting of 5 head of tried sows, to farrow in March. These sows heretofore have produced large, strong, thrifty litters and we are discarding them only for the purpose of making room.

7 HEAD OF GILTS—to farrow in March; as magnificent a lot of big stretchy, mellow, well bred, and we think as intelligently mated as you will find for sale; all have been fed, cared for and mated so that they should produce strong, growthy litters; each individual a true specimen of the breed they represent. 1 July Boar—1 Five Months-old Boar.

600 BUSHEL OF YELLOW CORN 600 BUSHEL OF GOOD OATS.

100 BALES OF FINE OATS AND RYE STRAW

PUBLIC SALE

I, the undersigned, having sold my farm, will make a clean-up sale of all my personal property, at my present residence, 6 miles northwest of Rushville, 4 miles northeast of Arlington, 1 mile west of Henderson, 6 miles southeast of Carthage, on the place known as the Ephraim Meyers farm, on

FRIDAY, THE FIRST DAY OF MARCH, 1918

SALE TO COMMENCE AT 12:30 P. M. SHARP.

The following described property:

9 Head of Horses 9

Consisting of 1 bay mare, eleven years old, in foal, sound and a good worker; 1 bay mare, a good work mare, can't be hitched wrong; 1 brown horse, a good worker, anyone can drive and is an all-around farm horse; the remaining 6 horses, which will be sold, are all good horses; and are not described here because they are now in possession of my neighbors who will offer them at this sale.

5 Head of Cattle 5

Consisting of 1 Jersey, full blooded, giving good flow of milk; 1 good cow, giving good flow of milk; 2 calves and a yearling steer.

35 Head of Hogs 35

Consisting of 3 brood sows with pigs at side; 19 fall shoats; 11 good feeders, weighing about 140 pounds; 1 Poland male hog, good breeder.

5 TONS OF GOOD TIMOTHY HAY IN MOW.

400 BUSHEL OF CORN

Consisting of 1 Deering binder; 1 Dain mower; fertilizer corn planter; disc harrow; spring tooth harrow; 2 John Deere break plows; 1 cultivator; 1 disc wheat drill; double shovel; 1 single shovel; 1 eight-foot steel roller; 1 eight-foot steel drag, new; 1 set of Paige fence stretchers, new; 1 Capital road wagon, with flat bed, hog rack, gravel bed; 1 new carriage; 1 hog box; 3 sets of work harness; 1 set of buggy harness; butchering outfit, and other articles too numerous to mention.

TERMS OF SALE—On all sums of \$15.00 and under cash. On sums above that amount a credit without interest will be given until September 1, 1918, purchaser to execute note that meets with the approval of the clerk. 3% discount for cash. Nothing to be removed until terms are complied with.

W. D. ALDRIDGE

DUSTY MILLER, Auctioneer. L. R. WEBB, Clerk.

PUBLIC SALE

We, the undersigned, will sell at Public Auction at the residence of Nathan P. Hinton in Posey Township, one mile south of Arlington, on the old home place, on

MONDAY, FEBRUARY 25, 1918

SALE TO COMMENCE AT 10:00 A. M. SHARP.

The following personal property, to-wit:

4 HEAD OF HORSES—One team of good work mares, work anywhere, one 12 years old, the other is 13 years old. One family mare. One 2-year-old gelding, a good one.

23 HEAD OF HOGS—2 good brood sows, best in the county, to farrow pigs about March 20th. 21 head of feeding hogs, will weigh about 100 pounds each.

1 GOOD JERSEY COW—be fresh in April—a Number One cow.

1 JERSEY COW—three years old, giving good flow of milk.

200 BUSHEL OF GOOD CORN—8 Bushels of Seed Corn.

FARMING IMPLEMENTS—1 two-horse wagon, good as new; 3 corn plows; 1 planter; 2 riding breaking plows; 2 walking breaking plows, good ones; 1 single shovel; 1 hay rigging; 1 gravel bed; 1 McCormick mower, good one; 1 roller; 1 carriage; 1 buggy; 1 Reliance incubator; 1 set of work harness; 1 set of buggy harness; 1 double set of carriage harness; other articles too numerous to mention.

TERMS OF SALE—All sums of \$5.00 and under, cash; over that amount, a credit of 10 months will be given, purchaser giving good bankable note. 5% off for cash. If notes are not paid when due, they will draw interest from date of sale.

—Lurline Council will meet tomorrow night at 7:30 o'clock in the hall.

TRACTION COMPANY WINS ASHTON CASE

Verdict Brought in by Jury Last Night After Two Days' Trial in Shelbyville.

SUIT FOR \$10,000 DAMAGES

The jury in the case of Mrs. May Feaster against the Indianapolis and Cincinnati traction company, which was tried in Shelbyville Monday and Tuesday, brought in the verdict late last night for the traction company. Mrs. Feaster demanded \$10,000 after her father, Miles J. Anthony (Tony Ashton, the dog and pony showman) was hit by an L. & C. car in London and was fatally injured.

The plaintiff prosecuted the action of damages against the com-

pany on the theory that the motorman could have seen Mr. Ashton in time to stop the car and avoid striking him but for carelessness and negligence. It was urged further

that the aged man, Mr. Ashton being 67 years of age, was so intent on the duty of delivering a basket of merchandise at the time that he failed to pay any attention to the warnings

sounded by the motorman. A witness testified that he shouted to the man, who failed to hear him.

Mr. Ashton's heirs are his widow, and daughter and son.

The New Coats And Suits For Spring Are Now Ready For Your Inspection

Leading designers of Women's Coats and Suits, recognizing the need for conservation of fabrics, cut the new garments for Spring with an eye to saving materials. But they didn't forget that women want smart looking lines and clever fashion features, so all of our new Spring garments show

—New ideas as to lines
New thoughts as to belts
New models in pockets
New effects in collars
New taste in trimmings

All made up on standard of service, and all at prices that mean economy.

The Spring FASHION BOOK
Is now on sale at our Pattern Counter

MYER & SON

Enjoys 3 Big Meals Per Day

This Indiana Man Eats Good Since Tanlac Fixed up His Stomach

"I've got a hearty appetite for three meals every day since I've tried Tanlac and I want to recommend this medicine," said George Tucker, of 934 North Illinois street, Indianapolis, a track repairman.

"My stomach was all out of order before I took Tanlac. I was bothered with gas in my stomach after eating and my stomach would turn sour. I lost weight and just felt all out of sorts.

"I couldn't sleep soundly at night, either, and got very little rest. Of course, as a result, I felt worn out most of the time.

"The first bottle of Tanlac helped my stomach. I kept on taking Tanlac, though, until I had taken three bottles in all and now my stomach is in good shape and I've hearty appetite for three meals every day.

"I sleep fine at night now, too, and the tired feeling I used to have is all gone."

If you are not feeling right get Tanlac today. Don't put it off. Play in health matters is dangerous. You can get Tanlac at F. E. Wolcott's Drug Store.—(Adv.)

County Treasurer

We are authorized to announce the name of Fred R. Beale, junior member of the firm Beale Bros., Rushville, as a candidate for County Treasurer on the Republican Ticket, subject to the decision of the primary election, May 7th, 1918.

The Boy on the Farm

The United States Boys Working Reserve is attempting to mobilize two million boys to take the places in farm and shop—mostly on the farm—being vacated by men going to the army. National enrollment week begins Monday, March 18 when it is hoped the completion of the enrollment of these boys will be accomplished.

Many farmers hoot at the idea of an untrained boy working on their farm. They say these youths from the city who never blistered their hands will be in the way. Some of them probably will, but many of them will be of value. We are face to face with the problem of increasing production with labor curtailed, and the boys working reserve is undoubtedly one way of solving it. At any rate these are the facts and must be faced as such, and the average farmer is not so unpatriotic as to spurn the labor of a boy; neither is he liable to allow his fields to lie idle and produce nothing when any sort of labor is available.

The United States Food Administration publishes this cablegram from Lord Rhonda:

"Unless you are able to send the Allies at least seventy-five million bushels of wheat over and above what you have exported up to January 1, and in addition to the total exportable surplus from Canada, I can not take the responsibility of assuring our people that there will be food enough to win the war."

To this cable the Food Administration replies:

"We will export every grain of wheat that the American people save from their normal consumption. We believe our people will not fail to meet the emergency."

Secretary of War Baker assured the senate committee that the year 1918 will place and additional million and a half of American soldiers upon the battlefields of Europe.

President Wilson, addressing the farmers of the country two weeks ago, pointed out the necessity for a greatly increased food supply. If this food is to be produced to win the war there must be men to plant and to harvest crops that produce it. This year will see approximately ten million men withdrawn from the usual avenues of occupation and diverted to the Army and navy, to munition plants, and to other industries that bear directly upon war.

The largest single hitherto untapped available labor source is the two million boys of 16 years of age and over who are in the schools, or who are engaged in unessential occupations.

Three hundred thousand Turks have deserted the Turko-German armies because the kaiser is "too cruel." While the desertions may inconvenience him somewhat, the

RAISING ENDOWMENT FUND

Balance of \$10,000 Fund to be Raised by Women

(By United Press.)

Columbus, Ind., Feb. 20.—A campaign will shortly be inaugurated by the endowment committee of the Indiana Federation of Women's Clubs to raise the balance of \$10,000 endowment fund being sought to carry on the work of the organization. The amount which has been already raised is \$4,762 of which \$1,021 was contributed in 1917.

Of this amount \$4,672 has been invested in Liberty bonds. It is the intention to invest the remainder to be raised in government securities so that the money will really be devoted to carrying on the war work.

kaiser should be satisfied that he is sustaining his reputation.

Billy Sunday is reported to have lost his voice since going to Washington. Well, it oughtn't to be difficult to find a voice in Washington. There are a few there that could be better employed than at present.

If Mr. Hoover will see to it that all vegetables and fruits raised this year are really put on the market and not dumped in the rivers, or left to rot in the fields, he will have done much to relieve the food situation.

If the shade of old Abe Lincoln ever hovers about the halls of congress, the discussions going on there must sound mighty familiar to him.

While we are after the other enemy aliens, why not prohibit those epidemics of German measles?

UNION PRAYER MEETING

Presbyterian and Methodist Service Tomorrow Night

The First Presbyterian and St. Paul's M. E. church will hold a union prayer meeting at the home of Mr. and Mrs. J. W. Hogsett and Mrs. Churchill in North Main street on Thursday evening at 7:30 o'clock. The service will be conducted and music lead by the Rev. C. S. Black of the Methodist church and the talk will be made by the Rev. D. Ira Lambert of the First Presbyterian church. The special musical numbers will include a duet by Mrs. George Hogsett and Miss Nancy Hogsett; solo by the Rev. C. S. Black; mixed quartette by Mrs. Hogsett, Miss Hogsett, the Rev. C. S. Black and the Rev. D. Ira Lambert.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills." Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2. Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills. They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

More Building Now Per Dollar! Why Wait?

THE average rise in prices of building materials has amounted to less than 30% all told. The rise in prices of farm and many manufactured products has amounted to from 100% to 300%. Therefore, your products with which you do your trading will buy more than twice as much building now as at any other time. Think of it! With the same quantity wheat, corn, oats, etc., as before the war, one can build two houses, two barns, two cribs—two anything! Building never was, nor will be cheaper!

Prices will not drop for years. Certainly not during the war. And they have remained up after every war in modern history. You would be the last to want them to drop! But the chances are building materials will rise. Reconstruction work, resuming industries forced out by war and big building demand will do it. Don't get caught!

These are prosperous times—billions being spent—with greater times coming. Buildings needed now will produce a rental proportionate to their cost. Rest assured of this!

Is it not logical then, for you to BUILD NOW—when you have the money—when your products can buy more building than ever before—when your prosperity and your country's depend on your keeping money in circulation, business going?

We are confident you will answer YES! place your order and Build NOW!

"More Building Now Per Dollar—Why Wait?"

Table Showing Comparative Prices of Farm Products and Building Materials.

(Note: Farm Product statistics below are typical of the rise of all basic commodities such as coal, steel, copper, etc. Also of incomes derived from manufacturing and distributing.)

FARM PRODUCTS ¹			BUILDING MATERIAL		
COMMODITY	PRICE	INCREASE	COMMODITY	PRICE	INCREASE

Pinnell-Tompkins Lumber Co.

You Ride the Tool —Not the Tractor

See how the operator of a Moline Universal Two-Wheel Tractor sits on the seat of the implement just as he would if he were driving a team. You know you couldn't ride your horses and do a good job of cultivating, plowing, drilling, mowing or any other kind of farm work. Neither can you do it with a tractor. With the Moline-Universal Tractor you sit where you can watch the work the implement is doing. You simply guide it with the steering wheel—easier than you can guide a team—everything is right at your finger tips with plenty of power. You can work as many hours as you wish in all kinds of weather—on all kinds of jobs.

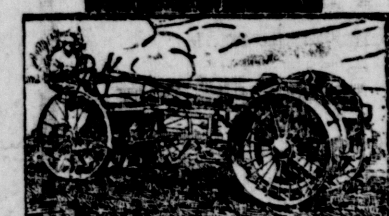

PLOWING

DISCING

Does All Farm Work Without Horses

DRILLING

HARVESTING

CUTTING CORN

- It is heavy enough to do all farm work, yet light enough to work on soft plowed ground without packing the soil.
- It will cultivate as well as plow.
- It will do your discing, harrowing, planting, mowing, haying, harvesting—in short, anything you can do with horses and all belt work on the average farm.
- It will do all this easier, quicker, cheaper than with horses.
- It pulls the load of 5 horses and furnishes 10 to 12 horse power on the belt.
- It is made and backed by one of the oldest, strongest, most dependable farm implement companies in the world, and built in the largest tractor factory in the world.
- It is the only tractor which will do all farm work without horses.
- It is low in first cost and inexpensive to operate.

VERY FEW TEACHERS PASS EXAMINATION

Smallest Per Cent Since Supt. George Has Been in Office Pass Last Tests

FOUR PASSED STATE MARKS

An unusually small number of persons passed the last teacher's examination given in the court house, in fact the smallest per cent since C. M. George has been county superintendent. Of the 13 papers that were sent to the state by Superintendent George, 5 were given passing grades, 4 failed and there were 4 conditioned. By passing the state examinations, a teacher can procure a license to teach any place in the state and it is necessary to pass the state grades before becoming a high school teacher or supervisor.

Four passed the county grades, 9 were conditioned and 14 failed. There were 40 who took the examinations. The literature and geography tests were particularly hard and proved to be the "stumbling blocks" for most of the pedagogues.

RED CROSS MAKES 20,086 ARTICLES

Continued From Page 1
medical unit, and the Rush county boys in training camps and other lines of service received a compact comfort kit as the gift of Red Cross before they left here for training. Seven additional kits have been sent in to Red Cross headquarters.

Even trench candles have been made by the local workers. Seven hundred of them, each of which will burn between 20 and 30 minutes in a trench, have been made of newspapers and paraffine and sent to Red Cross for distribution.

Shipments are being made weekly from the headquarters of the work completed by the Rushville workers and the Rush county women of the 15 auxiliaries, who are doing splendid work. Some of the boxes have been sent directly to France. These shipments have to contain a certain number of each article required however, and recently the supplies have been sent to the Indianapolis headquarters where they may be apportioned and sent abroad.

The exact numbers of each of the supplies sent out from this county since the beginning of the chapter to the ninth of February follow:

Surgical dressings	11212
Sheets	617

INSPECTION POSTPONED

The annual inspection of Ivy Company No. 35 U. R. K. P. which was to have been held Thursday night has been postponed until March 7th on account of the death of Walter Gartin.

Try a New Way to Cook Potatoes—Just a Few of the Styles in This List

It is claimed that there are more than 100 ways to cook potatoes, from the primitive (and still probably the best) methods of boiling or baking with the skins on, to the most complex and seasoned dishes. Here are some of the ways known to the United States department of agriculture. Have you tried them all, or do you know about as many more?—Boiled, chips, lyonnaise, mashed, pan browned, salad, in chowders, baked, shoestrings, hashed brown, mashed fried, stuffed, in fish cakes, in light bread, plain fried, french fried, gauffre, soufflé, rice, in hash, biscuits, saute, creamed, croquettes, au gratin, soups, in stews, in meat pie crust.

LAST SCHEDULED GAME STAGED THIS EVENING

Local Basket Tossers Ready For Clash With Liberty Five Here Tonight

CURTAIN RAISER AT 7:15

The local basketball squad is in excellent condition for tonight's game with Liberty which will be staged in the local gym. Coach Keith has put the basket tossers through a week of hard work and by the extra practice on basket shooting and additional stress laid on the team work of the team, the locals expect to walk away from the Liberty squad. Keating, the star forward, who did not take part in the clash with Shonridge last Friday, will be in the game this evening, which will be the last on the regular schedule for the season.

A curtain raiser will be staged between the second high school team and the members of the team from the Webb school in the southern part of the county. The curtain raiser will start promptly at 7:15 and the game of the evening at 8 o'clock.

Amusements

Having established himself as one of the foremost delineators of intense types the screen has borne and having enacted many of the most notable roles in the realm of the silent drama. Henry B. Walthall will appear at the Princess theatre tonight, in "His Robe of Honor." Mr. Walthall will be seen in the role of Julian Randolph, a disreputable lawyer, who becomes an upright judge of the Supreme Court of the States of New York under the refining influence of a young woman of high social position whose innate force of character fans his spark of manhood into a flame of noble character.

The great mystery serial "The Hidden Hand," features bill at the Gem theatre this evening. Doris Kenyon has the leading role. The Lonesome Luke comedy is said to be an exceptionally good one. The Pathe News feature has up-to-date scenes of this and other countries. The play for tomorrow's program is "North of 53" in which Dustin Farnum takes the leading role.

ALLIES PREPARE COUNTER

Are Ready to Take Stand Against Hindenburg

(By United Press.)

London, Feb. 20.—The allies assuredly are alive to the situation regarding the possibility of Hindenburg invading Switzerland.

If he has completed plans for such a move the allies are equally prepared to counter as long as they are convinced it is the German military policy to disregard the treaty of 1815 providing the violation is considered strategically advantageous.

Proven Swamp-Root Aids Weak Kidneys

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more dangerous kidney troubles.

Dr. Kilmer's Swamp-Root which, so many people say, soon heals and strengthens the kidneys, is a splendid kidney, liver and bladder medicine, and, being an herbal compound has a gentle healing effect on the kidneys which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Daily Republican.—(Adv.)

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any manure spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

Society

Eighty five basketball players, coaches and high school representatives will sit down to the luncheon to be served by the girls of the domestic science department of the high school at noon on Saturday. Serving the players here for the tournament is an annual event for the domestic science class and this year preparations are being made under the supervision of the head of the department, Miss Kate Dennis, to make the meal strictly a "Hoover" meal one that will not force the players to over step their strict training diets and yet one that will do honor to the girl cooks of Rushville high school.

The girls of Helen Scudder's class of the St. Paul's M. E. Sunday school will give a playlet and social at the home of Miss Scudder in West Second street tomorrow evening beginning at 7:30 o'clock. The clever little skit is "The Truth for Today" and during the social following, home made candy will be sold. The fund will go for the Easter offering. Gypsy fortune tellers will be there and the admission for the affair is ten cents.

The home of Mrs. Ernest Mitchell in West Second street was the scene of a prettily appointed social affair last night when she was hostess to the members of her Five Hundred club at the regular meeting. Guests for three tables were entertained and at the close of the evening the hostess served a dainty luncheon.

The next meeting will be held in two weeks at the home of Mrs. Edward Pitman in North Jackson street.

The W. R. C. all day meeting which was to have been held tomorrow at the home of Mrs. Charles Worth has been postponed until

Thursday

Grand club with Mrs. Robert L. Tompkins in the afternoon at 120 East Seventh street.

Social and Playlet by members of Miss Helen Scudders Sunday school class at 7:30 at the home of the teacher 402 West Second street.

Friday on account of the funeral of Lieut. Walter Gartin. Members of the organization are urged to come early in the day as they will spend the time sewing for Red Cross. A pitch-in dinner will be served at noon.

On account of the funeral of Lt. Walter Gartin, the all day meeting of the Dr. Gilbert class of the Christian Sunday school which was to have been held at the Red Cross headquarters tomorrow, to sew for Red Cross, has been postponed until Thursday of next week. Arrangements made for tomorrow's meeting will be continued for that time.

The regular meeting of the S. E. T. Embroidery club was held yesterday afternoon at the home of Mrs. Charles Wilson in North Main street. The guests spent a pleasant afternoon over needle work and the hostess served a prettily appointed luncheon. Aside from the club members Mrs. Derby Green was among the guests.

Miss Donnan's lecture to be given at the home of Mrs. F. G. Hackleman a week from Saturday afternoon will be for the benefit of Red Cross. An admission of fifty cents will be charged and tickets may be purchased from any member of the class.

The knitting party of the Daughters of the American Revolution which was to be given tomorrow at

K. K. K. Opens Way for a War Romance

Sorority Members Decide Upon Unique Manner of Raising Money For Red Cross Yarn Fund—Girls Will Embroidery Names on Blocks For Quilt and Perhaps Addresses Will be Added.

Members of the feminine gender who have never learned the more decorative arts of needlework will be placed in the background by their more progressive sisters when the plans on foot in the Tri Kappa sorority, for the embroidering of a quilt, materialize.

The sorority members have decided upon a most unique manner of raising money for the Red Cross yarn fund and will sell blocks for a quilt to girls and women of Rushville in which they will embroider their names and when returned to the sorority, will be pieced into a quilt and given to the Red Cross to be used in the base hospitals across the sea. The blocks will be made of white muslin and will be embroidered in red.

Reading the names embroidered on the quilt will furnish amusement for some convalescent soldier over whose couch the coverlet may be spread. Some fair maiden with a heart of romance which doubtless surrounds the Sammies who will read the names embroidered there, will perhaps embroider her address as well as her name in the block she has purchased and change the minds of those people who insist that romance is dead.

Red Cross Notes

The interior decorating in the commissioners room at the court house has been completed and work in the bandage classes being held there has been resumed. The walls are very artistically tinted in harmonizing shades of tan and brown.

The regular meeting of the Wednesday evening bandage class of the Red Cross will be held this evening in the surgical dressing class department at the court house. A great demand for surgical dressings has been made on the local classes for bandages to be completed within a week. With this in view the instructors desire a good attendance at tonight's meeting.

The women of the St. Mary's Catholic church will have an all day meeting at the Red Cross headquarters on Friday when work in all of the departments will be done. A box dinner will be served at noon and the women in charge of the meeting desire a good representation in all three departments during the morning as well as the afternoon. The work will begin promptly at 9:30 and women who have been accustomed to work at the headquarters are urged to attend this meeting and to bring others with them.

Mrs. Charles Newkirk is ill at her home in this city.

Remarkable! Startling!!

are the prices we are offering on our Velvet Suits for this week as a close out. While manufacturers are facing startling advances in materials, trimmings and the cost of labor, we offer the remainder of our stock of velvet suits at a price which is sure to attract. They are attractive styles, quite practical and inexpensive.

\$15.00

buys any velvet suit in our house—those ranging in value from \$30.00 to \$39.50. Sizes are from 16 to 40. Beautiful shades of

blue and brown. Every far-seeing woman will want one of these suits for early Spring and Fall wear. You will find it to your interest to visit our ready-to-wear department early this week before the small supply is exhausted.

THEY ARE AS ECONOMICAL TO BUY AS DELIGHTFUL TO WEAR.

Women Plan War Drive In County

Plans and Purposes for Campaign Are Being Outlined By County Chairman, Mrs. Louis Lambert. Expects Rush to be Model County for State in Drive

Enrollment and registration for war service as a patriotic duty in the war emergency, will be the keynote for the campaign in Rush county when every woman will be asked to register by the county chairman, Mrs. Louis Lambert during the drive to begin April 19.

In a period of ten days every woman in Rush county will be enrolled and registered, classified and listed as to their capabilities for usefulness along patriotic and voluntary service lines such as the war emergency suggests.

Details of organization for the campaign, preparatory publicity, and the distribution of printed matter preliminary to the work of enrolling will be decided on during this week by county enrolling chairman, Mrs. Lambert and Mrs. A. L. Stewart.

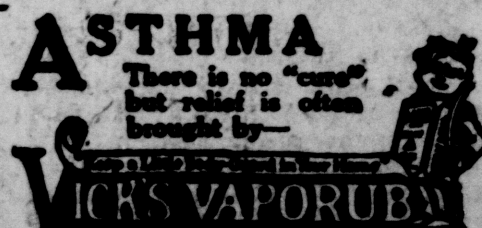

At a recent conference of woman war workers held at the state house in Indianapolis, it is estimated that the April drive will enroll about 500,000 Hoosier women. Ample instructions concerning the manner in which the drive is to be carried on were given by the state registration heads who emphasized the fact that the registration was being made as the result of the request of the war department.

Rush county classification cards testifying of the voluntary offers of service and the capabilities and talent in the county will be preserved by the local council of defense although the summary of the campaign will be forwarded to the war department. Rush county has ranked among the first counties in the state in its military enlistments as well as every patriotic movement since the beginning of the war and the state chairman as well as the county chairman are looking to Rush as a model county for the registration drive.

Miss Julia Landers, chairman of the state committee on woman's enrollment and registration for war service, took a prominent part in the meeting. In connection with the importance of every woman registering, she stated:

"The housewife and mother is performing in her proper place and in the proper way a very definite patriotic duty which is not to be disturbed, and which duty must be done. The mother and home-maker, with her hands full of household cares, will register and be classified with the other patriotic women, but will not in any case be called on to lay down the fundamentals in order to take up purely war tasks. Indiana women are out to make a record, and there is good reason to expect that our showing will be a matter for pride."

A Tonic that Builds Strength

The great trouble about a good many Tonics is that they contain ALCOHOL.

Now most of the time this makes no difference, and the amount is unusually small anyway; but in some cases it is not desirable—for instance, where the nervous system is weakened by mental strain, particularly of business men and women.

Here is a splendid Tonic that does not contain a drop of Alcohol. Practically every ingredient in it is a true nerve food, supplying phosphorous and the needed lime and magnesia salts.

For overworked business men, fagged-out women, and puny listless children

DYNAMIC TONIC

is in our opinion, the most valuable remedy that can be given.

Penstar Dynamic Tonic is worthy of your full confidence—the Penstar name upon it guarantees that—and the complete formula is on the label.

PLEDGED TO BUY STAMPS

Connersville, Ind., Feb. 19.—As a result of the observation of Thrift Day in St. John's Catholic Church Parochial School of this city, the pupils have pledged themselves for the purchase throughout the year 1918 of approximately \$5,000 worth of War-Savings and Thrift Stamps.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

Mr. and Mrs. Samuel Kirkpatrick entertained the Rev. Moody Edwards Sunday.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "Anuric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric and at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicine but these Anuric Tablets of Dr. Pierce are the only ones in my opinion, that will cure kidney and bladder troubles."—Harvey A. Fey.

Will Case and family have moved from Rushville to the John Ward farm.

Mr. and Mrs. Mac Bogue and family will move next week to the Meyers property in this vicinity.

Russell Cooksey of Greensburg and Miss Edith McCorkle were the guests of Mr. and Mrs. Fred Blessing last week.

Mr. and Mrs. Harvey Bradburn were the guests of friends in Carthage Sunday.

Mrs. Garland Newkirk and son have returned home after spending several weeks with her father, Joseph Stevens.

CLAUDE BILLINGSLEY WRITES FROM FRANCE

Young Sammy Thinks Miniature Engines Used Across the Sea Are a Novelty

IN EXPEDITIONARY FORCES

"The trains in which we have travelled since coming across are exceedingly small and the engines are merely miniatures of those which draw our trains at home," wrote Claude Billingsley who, with the expeditionary forces is stationed behind the lines in France.

Private Billingsley formerly resided in Anderson and a portion of the letter received by his aunt Mrs. Edgar Noble of this city, follows:

"The snow at present is between one and a half and two feet deep but as the roads are excellent it doesn't take long to clear the snow away and get them in shape for use again. Nearly all of the buildings are made of cement or stone. The caves in which the poorer class of people live are a source of great interest to the soldiers. The huts are unique little places and so small that they seem scarcely large enough for one person."

Private Billingsley who is well known in this city, enlisted in the heavy artillery in October and landed in France December 15.

"VICTORY" OVER RUSSIA

Hope Offered by German Leaders to People

Washington, Feb. 20.—Germany's military leaders hope to lure the German people with a "victory" against Russia.

That was the way the military men today sized up the German-Russian situation and the fact that despite the Austrian opposition to varying on the Russians, the Teuton armies are now striking anew at Russia.

IF YOU could plant every hill of corn on your farm by hand you would add hundreds of dollars to the value of your corn crop. Yes, sir, accurate planting would mean 20 to 30 more perfectly planted hills out of every 100! Would mean 7 more bushels from each acre! Would mean \$350.00 extra profit from each 40 acres you planted.

You can have this accurate planting. You can get it in the J. I. Case!

Drop in any day and see this planter! See what its wonderful accuracy means to you in bigger crops and more profits—how it actually pays its cost several times over the first year you use it!

PICTURES OF FRENCH CHILDREN ARRIVE

Likenesses of Little Orphans Will Be Displayed at D. A. R. Meeting Tomorrow

FATHERS KILLED IN BATTLE

The feature of the knitting party at which the Daughters of the American Revolution will celebrate the Birthday of Washington Friday afternoon at the home of Mrs. D. D. VanOsdel in West Third street will be the viewing of the pictures of the two little French children—a boy and a girl—whom the local chapter has taken to support.

The little girl who is seven years of age is named Micheline David and her father was killed soon after the war broke out, the exact date was Sept. 23, 1914. The boy, who is a child of eight is called Desire Eugene Alexandre Courteenisse and with his mother Andre Marie resides in Notre Dame. His father was killed Oct. 9, 1916, in battle.

The members of the chapter will make preparations at tomorrow's meeting to get in touch with the children's mothers in order to find the most dire needs of the children in order that they may be relieved.

Days Pickings

Miss Ellen Madden, office secretary at the Graham school will assist Miss Elizabeth Flint at the Jackson school every afternoon in the departmental work which has been introduced in the 6B and 6A. There are 51 students in the two grades which made it almost necessary to introduce departmental work. Miss Madden will have charge of the spelling and writing classes.

Lieutenant Weldon Brann, son of Mr. and Mrs. O. C. Brann of this city, who as an officer in the 46th infantry has been stationed at Camp Taylor, Louisville Ky., has been transferred to Ft. Sill Okla. Lieutenant Brann left for Ft. Sill today and while there will take training in the school of fire.

Word has been received from Archie Roam who has been attending the Radio School in Cambridge Mass. that he has been transferred to Commonwealth Pier at Boston, Mass., Sea Second, Division 7.

Miss Mae Parker daughter of Arthur Parker is seriously ill, suffering with acute indigestion. She is the niece of Mrs. Ethel Wright and Mrs. Owen Sweet of this city.

Leona May Rucker, age five years daughter of Mr. and Mrs. Charles Rucker of Arlington, is suffering with the whooping cough.

Burn Stevens was taken to Michigan City today by Sheriff Ezekiel Jones where he will serve a sentence of from 2 to 21 years.

Osro Farthing, a member of the infirmary attached to the 139th field artillery is home on a furlough.

Mrs. Hubert Spillman of Noble township is seriously ill.

ADDITIONAL SOCIETY

tomorrow at the home of Mrs. D. D. VanOsdel honoring the birthday of Washington has been postponed until Friday afternoon.

Miss Sue Gregg of North Harrison street will entertain the members of the Social Dozen at her home Friday afternoon. The meeting has been postponed from Thursday afternoon.

RUSH COUNTY IS LEADING STATE

Ahead in Hog Production Which is so Necessary Now to Feed Armies

95,252 SOLD HERE LAST YEAR

Schedule For Hog Meetings to be Held During Remainder of Week is Completed

Importance of the hog industry in Rush county and of the hog production campaign which is being waged here to continue during the next two weeks is shown by a glimpse at the position of this county when compared with others in the state. Figures given out today by the emergency demonstration agent, M. F. Dietrick show this county is probably the leading in the state in this field of endeavor which is so necessary.

Federal statistics show that January 1, 1916, there were 57,673 hogs in Rush county and that during 1915 102,673 were sold by farmers in this county while the same year 32145 succumbed to various diseases. During 1916, 95,252 hogs were taken to the market from here and disease claimed 9,041 more. The number on hands January 1, 1917 was 63,766.

These statistics are given merely to show the great part pork plays in the business of this county and how much the development of the hog industry means to the welfare of every farmer, merchant and banker in the community. It is not only a war project which must be carried out, but will mean thousands of dollars to Rush county farmers.

Special hog meetings to discuss how farmers can profitably increase their pork production twenty percent are being held in various parts of Rush county. The meetings began today with a meeting at the Earl Kennedy farm north of Arlington and will continue until Saturday afternoon. John Brown of Purdue university, a successful hog raiser, will speak.

The schedule of meetings will be as follows: Moscow school, 7:00 p. m. this evening; Thursday, 10 a. m., Milroy school; 1:30 p. m. Richland school; 7 p. m., May town hall; Friday, 10 a. m., Carthage theater; 1:30 p. m. court house Rushville; 7:00 p. m., Glenwood school; Saturday 10 a. m., New Salem school.

A. L. TRIBBLE APPEALS CASE

Fined For Obstructing Public Highway With Mixer

A. L. Tribble was fined one dollar and costs in mayor's court yesterday afternoon for obstruction of a public highway by leaving a concrete mixer on Eleventh street for several months. He appealed his case and furnished a fifty dollar cash bond. Mr. Tribble has been reminded several times to remove the machine but failed to do so and for that reason the charge was filed. He had the contract for paving Eleventh street.

MEAT CAUSE OF KIDNEY TROUBLE

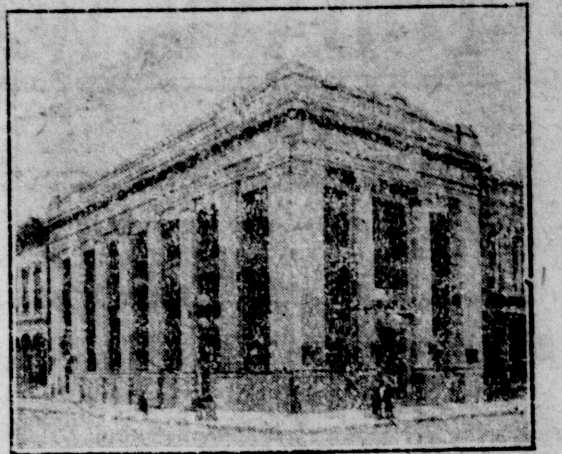

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Flag As a Gift Of
Citizens Will Drape
The Lieutenant's Coffin

An American flag will be presented by the citizens of the county to every Rush county soldier who dies in the present war and is buried here. The beautiful custom was started today in the presentation of the huge American flag which is draped over the casket of Lieutenant Walter Gartin, and which will be lowered into the grave with his body.

The committee, appointed to select the floral offering for Lieutenant Gartin, chose instead to give the Stars and Stripes, which speak for the cause for which Lieutenant Gartin's life was given.

A permanent fund will be established for this purpose made up of voluntary offerings and from which will be taken money to purchase flags for any Rush county heroes, in case their lives are taken.

Gartin's company as the casket was carried through the station to the train. Four fellow officers acted as pall bearers, carrying the body through two columns formed by soldiers who stood at attention.

HORSE'S KICK FATAL TO WILLIAM BALDWIN

Former Rushville Boy, Age 14, Dies
From the Effect of Injuries
At Connersville

LEFT HERE THREE YEARS AGO

William Jasper Baldwin, age fourteen years, a resident of this city until three and a half years ago, died yesterday at Connersville as a result of injuries sustained late Monday when he was kicked in the head by a horse. The funeral will be held at the home of the boy's grandmother, Mrs. Rufford, formerly Mrs. Baldwin of this city, with whom he lived and the remains will be brought to the East Hill cemetery in a motor hearse, arriving here about 1:30 o'clock. The Rev. C. S. Black of St. Paul's M. E. church will perform the services at the grave and burial will take place in East Hill cemetery.

The Baldwin boy was leading a horse from a Connersville livery stable to a watering trough. The horse was unmanageable and the boy slapped it over the back with the back end of the rein. The horse jerked loose and kicked him in the forehead, inflicting fatal injuries. The boy will be remembered here as the grandson of the late William J. Baldwin, a blacksmith at the Main street C. & W. crossing for years, who died Jan. 1, 1915 here. Following his death the widow moved to Connersville. The boy was the son of Charles Baldwin, who now lives in Connersville, but his grandparents always cared for him. He was feeble-minded and local authorities tried several times to place him in a home.

LETCHER POPE IS BETTER

Letcher Pope of the headquarters company of the 139th field artillery at Camp Shelby, Miss., who has been sick for the past four weeks with pneumonia is improving. The word was received in a telegram today saying that at the time the message was sent, he was sitting up in bed writing a letter home. He has been in a very serious condition and his lung has been tapped twice.

LIEUT. IVAN COYNE HURT

Thrown From Horse and Leg is
Badly Sprained.

Lieutenant Ivan Coyne of Camp Taylor, son of Mr. and Mrs. M. M. Coyne, sustained a badly sprained leg Sunday when the horse he was riding threw him from its back and as his foot remained fastened in the stirrup, dragged him a considerable distance, holding his leg in such a position as to cause the sprain. The ligaments were badly torn and the accident will keep him in the infirmary for some time.

COLD WAVE COMES ON DROP OF 42 DEGREES

Change of Temperature Made in
Twelve Hours Time—Cold
to Continue

LAST TRACE OF SNOW IS GONE

A drop of 42 degrees in the temperature within 12 hours brought in very forcibly the weather man's prediction of another cold wave. The thermometer last evening registered 50 degrees above zero and twelve hours later, at 6:30 o'clock this morning, the mercury had fallen to 16 above zero. It had climbed only two degrees by noon when it touched 18 degrees above zero.

Last night's heavy rain washed off the last traces of the heavy snow which was on the ground for weeks and the slight snow flurries this morning had soon blown away leaving little if any evidence of the snow. The colder weather has brought a greater demand on the coal dealers for coal although nothing like as serious as it was during the blizzard. Two cars of coal were received in the city yesterday and sold out quickly today.

Tomorrow's prediction is far from encouraging with the weather man's report "Fair and colder tonight. Thursday fair and continued cold."

STORM BREAKS OVER GIVING WILSON POWER

Mut Not Lose Sight of Keeping America
Democratic, Underwood,
Democrat, Says

NO PRESSING NEED OF SPEED

Washington, Feb. 20.—The long expected storm over granting President Wilson any further general blanket war powers broke today in the senate. Sen. Underwood of Alabama, democrat, in a speech on the railroad control bill said:

"While we send our soldiers to fight to make the world safe we must not lose sight of keeping America democratic."

Underwood declared congress should not confer general powers on the president but should specify and limit his powers.

The speed necessary at the beginning of the war is no longer essential, Underwood asserted, now that pressing war needs have been met.

LIBERTY LOAN POSTPONED

Campaign Will Not be Conducted
Until April or Later

Washington, Feb. 20.—Sub-normal economic and business conditions brought about by several war developments have caused postponement of the third Liberty Loan until April or later.

Originally set for Feb. 15, it was delayed on high authority the bond issue has been held up until a restoration of normal conditions shall have brought about a more prosperous market.

GREATEST BATTLE

MAY BE IN OFFING

With Every Drop of German Blood
Left, Hindenburg Will Assault
on West Front

TO USE TANKS FOR FIRST TIME

Bulk of The Germans Are Untrained
For Methods of West Front
Warfare

German Raid Repulsed
(By United Press.)

London, Feb. 20.—After a heavy bombardment of the British lines east of Artois the Germans attempted a raid Field Marshal Haig reported today. It was completely repulsed. A number of Germans were killed and some made prisoners.

Washington, Feb. 20.—Both the allies and Germans are "ready for battle" on the west front, Secretary Baker announced today in his war review.

The Germans recently withdrew a number of west front units and are training them in mobile warfare.

According to advices, the German general staff hopes by massing a large number of troops which have been intensively trained, they may deliver a crushing blow.

However, "the bulk of the German forces are now assembled in the west and are untrained in the methods of western front warfare."

British Armies in the Field, Feb. 20.—Civilization is on the threshold of the greatest battle of the times.

With every drop of blood Germany has left, with every bit of war machinery and every ounce of strength behind them Hindenburg will hurl all into a finish fight.

For Hohenzollernism this may be the critical hour. The Germans will use tanks like the British for the first time.

Some of these will be equipped with mortar others with machine guns. They will move almost 4 miles an hour.

The enemy is counting largely on gas. The infantry will be driven forward with ferocity.

From pieces from mortar to 42 centimeter guns, all will smash against the British, the attack centering in the Cambrai region, although blows are expected along the entire front. The German officers are telling their men wild stories of the infallibility of the scheme.

The whole future of the world will be decided. The Britains and their allies know this and will act accordingly.

GERMANY CONTINUES INVASION OF RUSSIA

Troops Advance on Riga-Petrograd
Railroad Despite Russ Proffer
of Peace.

SOME RESISTANCE IS SHOWN

(By United Press.)

London, Feb. 20.—Germany continued her invasion of Russia today despite word from the Bolsheviks that they were willing to make peace.

The Berlin war office announced that the invading forces had advanced 12 miles on the Riga-Petrograd railroad. More than 2,500 prisoners have been taken with considerable quantities of supplies.

There was some resistance. In explanation of the continued advance, Gen. Hoffman, leader of the German militarists at the recent conference, said that Germany wants proof of Russia's willingness to give in to German peace terms.

William Call of Knichtstown underwent an operation at the Dr. Sax hospital this morning for gall bladder trouble.

REDISTRIBUTION

FLOUR ORDERED

Administrator Lovett Ordered to
Pool All Flour in Rushville and
Rush County

RULE RESTRICTS THE SALE

Retailers May Sell Only One Pound
Per Capita a Week The
Order Specifies

Because of the acute wheat conditions which are existing through the state, local retailers of flour have been restricted in the sale of flour to one pound per capita a week with a maximum of five pounds in the city and twelve and one-half pounds in rural districts.

County food administrator Lovett of Carthage has been ordered by the state administrator to pool the local stock and to re-distribute it on equal basis. This will be done immediately by Mr. Lovett who admitted this morning that there is a most serious shortage in flour and that the wheat situation is far more critical than in any other line of food stuffs.

A meeting of Rush county grocers has been called by Food Administrator Lovett for Friday afternoon at 1:30 o'clock in the sheriff's office at the court house. Mr. Lovett, at this time, will explain fully the new plan and the situation which is demanding it. Plans will be made at the meeting to see that the flour is properly distributed and that the rulings on flour are obeyed. The plan to see that the rulings are obeyed is necessitated by the fact that some grocers as well as consumers have been rather lax in observing the fifty-fifty rule on substitutes. All grocers have urged the buying of substitutes in equal amount with the flour but the range of substitutes permitted by them is far wider than the administration intended. Some consumers, it has been reported, have purchased the substitutes required but have bought amounts of flour from several grocers on the same day.

"The steps being taken by Mr. Barnard are necessary to avert a crisis in the flour situation," asserted Mr. Lovett, "and it is the duty of every citizen to co-operate cheerfully with any restrictions laid down by either the county or state administration." Dr. Barnard's order as received by County Administrator Lovett follows:

"Owing to the acute condition of the wheat situation, notify immediately all retailers to restrict until further notice sale of flour to basis of one pound per week per capita and not more than five pounds in city and twelve and one-half pounds in country, still adhering to the fifty-fifty substitutes. Take immediate census of all flour in distributors' hands. Pool stocks and redistribute on equitable basis. Do not allow flour to leave your county without notifying me, except as to individual consumer. Am organizing flour distribution bureau to handle situation whenever county organization can not provide adequate supply. Situation very critical. You must handle local problems."

Previous to the issuance of the above order residents of Rushville were allowed to purchase a fourth of a barrel of flour while residents out in the county could buy a half a barrel at a time.

CLASS MEETING THURSDAY

The members of the Always Present class of the Christian Sunday school will be entertained on Thursday evening by Miss Rena Offutt at her home in East Sixth street. Each member is asked to bring a thimble as the evening will be spent in sewing for Red Cross.

U. R. K. of P. NOTICE

All members of the Uniform Rank, Knights of Pythias, are urged to be at the hall at one o'clock tomorrow afternoon to attend the funeral of Lieutenant Walter Gartin.

CHAPTER MAKES

20,086 ARTICLES

Number of Supplies Completed
Proof of the Rush County
Women's Loyalty

15 AUXILIARIES DONE MUCH

Bandages, Knitted Goods, Trench
Candles, Hospital Garments
Are All Sent

Red Cross workers have made 20,086 articles since the organization of the Rush county chapter. This report was made by the secretary, Mrs. Harrie Jones, at the last meeting of the executive committee showing the total of all shipments made from the headquarters in hospital supplies, surgical dressings and knitted goods. The work was done by the local women and by the fifteen auxiliaries over the county. The figures are excellent proof of the enormous amount of work that is being accomplished and of the energy that Rush county's loyal women are expending in the interests of war relief.

Eleven thousand two hundred and twelve of these supplies were surgical dressings of different kinds. Next in number come the pillow cases for there were 1250 pillow cases in the number. One thousand and forty of the supplies were towels. Many of these were made by clubs and societies at their regular gatherings, as were the handkerchiefs of which there were 446.

Some of the garments "take a great deal of care and occupy one afternoon of a worker's time to complete after they are cut out. Of these garments which are used in the hospitals for sick and convalescing soldiers, Rush county women have made 718 bed shirts, 433 pairs of pajamas, 352 bathrobes, 284 bed socks 192 shoulder wraps.

Even the scraps from the garments are utilized to advantage and from these comforts, comfort pillows and rugs have been made for use in the hospitals. The finest scraps are cut into featherlike pieces to stuff the comfort pillows which soldiers place under an arm to rest it or another injury. The warm comforts have also been pieced from scraps from garments and made at practically no expense, although they will prove of great service. The rugs are small and are placed near the cots. They are made of long strips of goods sewed together and knitted into durable rugs.

The knitters have done their part toward this excellent record. Beginners at the art have handed in 571 washcloths. Six hundred and one sweaters have been sent in, 913 boys are wearing socks that have been knitted by Rush county women, 235 have scarfs made here and 119 pair of wristlets have been sent in. Six helmets have also been knitted.

Every boy in Company B, in the

It's The Plugger Who Wins

Nine cases out of ten it is the man who is on the job early and late, keeping everlastingly at it who wins.

It is doubly so in advertising.

The advertiser who reaps the golden harvest is the one who has everlasting faith in himself and who keeps hammering home his belief day after day.

He need not be clever, or witty, he must be sincere.

He must have faith and works.

The advertising columns of this newspaper contain many examples of earnest men who day after day keep on the job. Usually these people are co-workers to think or talk about the so-called strenuous times.

BASKETBALL Tonight--Liberty High vs. Rushville High at 8:00. Admission 25 Cents. GRAHAM ANNEX
Curtain Raiser, Junior High vs. Webb School Team at 7:15.

—Lurline Council will meet tomorrow night at 7:30 o'clock in the hall.

TRACTION COMPANY WINS ASHTON CASE

Verdict Brought in by Jury Last Night After Two Days' Trial in Shelbyville.

SUIT FOR \$10,000 DAMAGES

The jury in the case of Mrs. May Feaster against the Indianapolis and Cincinnati traction company, which was tried in Shelbyville Monday and Tuesday, brought in the verdict late last night for the traction company. Mrs. Feaster demanded \$10,000 after her father, Miles J. Anthony (Tony Ashton, the dog and pony showman) was hit by an L. & C. car in London and was fatally injured.

The plaintiff prosecuted the action of damages against the com-

pany on the theory that the motor-man could have seen Mr. Ashton in time to stop the car and avoid striking him but for carelessness and negligence. It was urged further that the aged man, Mr. Ashton being 67 years of age, was so intent on the duty of delivering a basket of merchandise at the time that he failed to pay any attention to the warnings sounded by the motorman. A witness testified that he shouted to the man, who failed to hear him. Mr. Ashton's heirs are his widow, and daughter and son.

Notice To Public

Notice is hereby given that the Public Sale of John B. Tribby, advertised to me held 2 1/2 miles northwest of Arlington on Tuesday, Feb. 26, 1918, will be held as advertised.

Good Sale. Come

ONE MAN OPERATES BOTH

You Ride the Tool —Not the Tractor

See how the operator of a Moline Universal Two-Wheel Tractor sits on the seat of the implement just as he would if he were driving a team. You know you couldn't ride your horses and do a good job of cultivating, plowing, drilling, mowing or any other kind of farm work. Neither can you do it with a tractor. With the Moline Universal Tractor you sit where you can watch the work the implement is doing. You simply guide it with the steering wheel—easier than you can guide a team—everything is right at your finger tips with plenty of power. You can work as many hours as you wish in all kinds of weather—on all kinds of jobs.

MOLINE UNIVERSAL TRACTOR

Does All Farm Work Without Horses

- It is heavy enough to do all farm work, yet light enough to work on soft plowed ground without packing the soil.
- It will cultivate as well as plow.
- It will do your discing, harrowing, planting, mowing, haying, harvesting—in short, anything you can do with horses and all belt work on the average farm.
- It will do all this easier, quicker, cheaper than with horses.
- It pulls the load of 5 horses and furnishes 10 to 12 horse power on the belt.
- It is made and backed by one of the oldest, strongest, most dependable farm implement companies in the world, and built in the largest tractor factory in the world.
- It is the only tractor which will do all farm work without horses.
- It is low in first cost and inexpensive to operate.

WINSHIP and DENNING

ARRANGE FOR YOUR NEXT WINTER'S FOOD SUPPLY NOW

Miss Purcell, representing Sprague Warner & Co., is with us this week taking orders for our well known Ferndell brand of food stuffs for next fall delivery. The food administration permits the buying of a season's supply of food with the exception of sugar, flour, fats, and one or two other staple articles of food. By placing your order now your next winter's food problem is solved, and we are sure that if war continues this will be a most serious problem.

A telephone call will bring Miss Purcell to your home with samples and prices of the best line of foods ever sold in Rushville.

VERY FEW TEACHERS PASS EXAMINATION

Smallest Per Cent Since Supt. George Has Been in Office Pass Last Tests

FOUR PASSED STATE MARKS

An unusually small number of persons passed the last teacher's examination given in the court house, in fact the smallest per cent since C. M. George has been county superintendent. Of the 13 papers that were sent to the state by Superintendent George, 5 were given passing grades, 4 failed and there were 4 conditioned. By passing the state examinations, a teacher can procure a license to teach any place in the state and it is necessary to pass the state grades before becoming a high school teacher or supervisor.

Four passed the county grades, 9 were conditioned and 14 failed. There were 40 who took the examinations. The literature and geography tests were particularly hard and proved to be the "stumbling blocks" for most of the pedagogues.

RED CROSS MAKES 20,086 ARTICLES

Continued From Page 1
medical unit, and the Rush county boys in training camps and other lines of service received a compact comfort kit as the gift of Red Cross before they left here for training. Seven additional kits have been sent in to Red Cross headquarters.

Even trench candles have been made by the local workers. Seven hundred of them, each of which will burn between 20 and 30 minutes in a trench, have been made of newspapers and paraffin and sent to Red Cross for distribution.

Shipments are being made weekly from the headquarters of the work completed by the Rushville workers and the Rush county women of the 15 auxiliaries, who are doing splendid work. Some of the boxes have been sent directly to France. These shipments have to contain a certain number of each article required however, and recently the supplies have been sent to the Indianapolis headquarters where they may be apportioned and sent abroad.

The exact numbers of each of the supplies sent out from this county since the beginning of the chapter to the ninth of February follow:

Surgical dressings	11212
Sheets	617
Pillow cases	1250
Towels	1040
Wash Cloths	571
Bath towels	184
Bed shirts	718
Pajamas	433
Bath robes	352
Bed socks	284
Shoulder wraps	192
Handkerchiefs	446
Comfort pillows	81
Comforts	13
Rugs	93
Tray cloths	9
Comfort kits	7
(Aside from local boys)	
Trench candles	700
Sweaters	601
Socks	913
Scarfs	235
Wristlets	119
Helmets	6
Total	20,086

INSPECTION POSTPONED

The annual inspection of Ivy Company No. 35 U. R. K. P. which was to have been held Thursday night has been postponed until March 7th on account of the death of Walter Gartin.

Try a New Way to Cook Potatoes—Just a Few of the Styles in This List

It is claimed that there are more than 100 ways to cook potatoes: from the primitive (and still probably the best) methods of boiling or baking with the skins on, to the most complex and seasoned dishes. Here are some of the ways known to the United States department of agriculture. Have you tried them all, or do you know about as many more? Boiled, chips, lyonnaise, mashed, pan browned, salad, in chowders, baked, shoestrings, hashed brown, mashed, fried, stuffed, in fish cakes, in meat breads, main fried, french, fried, sautéed, soured cream, or hash, biscuits, and cream, croquettes, and cream soups, in dressings, to mention a few.

LAST SCHEDULED GAME STAGED THIS EVENING

Local Basket Tossers Ready For Clash With Liberty Five Here Tonight

CURTAIN RAISER AT 7:15

The local basketball squad is in excellent condition for tonight's game with Liberty which will be staged in the local gym. Coach Keith has put the basket tossers through a week of hard work and by the extra practice on basket shooting and additional stress laid on the team work of the team, the locals expect to walk away from the Liberty squad. Keating, the star forward, who did not take part in the clash with Shontridge last Friday, will be in the game this evening, which will be the last on the regular schedule for the season.

A curtain raiser will be staged between the second high school team and the members of the team from the Webb school in the southern part of the county. The curtain raiser will start promptly at 7:15 and the game of the evening at 8 o'clock.

Amusements

Having established himself as one of the foremost delineators of intense types the screen has borne and having enacted many of the most notable roles in the realm of the silent drama. Henry B. Walthall will appear at the Princess theatre tonight, in "His Robe of Honor." Mr. Walthall will be seen in the role of Julian Randolph, a disreputable lawyer, who becomes an upright judge of the Supreme Court of the States of New York under the refining influence of a young woman of high social position whose innate force of character fans his spark of manhood into a flame of noble character.

The great mystery serial, "The Hidden Hand," features bill at the Gem theatre this evening. Doris Kenyon has the leading role. The Lone some Luke comedy is said to be an exceptionally good one. The Pathe News feature has up-to-date scenes of this and other countries. The play for tomorrow's program is "North of 53" in which Dustin Farnum takes the leading role.

ALLIES PREPARE COUNTER

Are Ready to Take Stand Against Hindenburg

(By United Press.)
London, Feb. 20.—The allies assuredly are alive to the situation regarding the possibility of Hindenburg invading Switzerland.

If he has completed plans for such a move the allies are equally prepared to counter as long as they are convinced it is the German military policy to disregard the treaty of 1815 providing the violation is considered strategically advantageous.

Proven Swamp-Root Aids Weak Kidneys

The symptoms of kidney and bladder troubles are often very distressing and leave the system in a run-down condition. The kidneys seem to suffer most, as almost every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more dangerous kidney troubles.

Dr. Kilmer's Swamp-Root, which, so many people say, soon heals and strengthens the kidneys, is a splendid kidney, liver and bladder medicine, and, being an herbal compound has a gentle healing effect on the kidneys, which is almost immediately noticed in most cases by those who use it.

A trial will convince anyone who may be in need of it. Better get a bottle from your nearest drug store, and start treatment at once. However, if you wish first to test this great preparation, send five cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing, be sure and mention the name of this paper.

The Test

Of Service at this time, not only in the conduct of the war, but in every line of endeavor and individual activity, must be accomplishment.

OUR SERVICE

LISTEN TO OUR STORY

Come to our store and listen to the tale of this spreader, "RUSHVILLE SPECIAL." This machine is built especially for us, to fit and to fill the requirements of our own territory, and we wish you would come and listen to the story connected with this modern machine.

It has more quality features, protected by patents than any other machine we know of. It has the only beater wheel which will not clog or choke on any kind of material. It has the only box that will not clog or choke. It has the lightest draft of any known spreader. Customers tell us they can see no difference in the draft when distributing or when hauling the load to the field.

The main bearings are built like a railroad car—packed with waste and oil. It is almost entirely of steel, and because of this unusual construction and the lack of hard, heavy draft, it carries a guarantee for five years.

The "RUSHVILLE SPECIAL" has only two gear wheels, only one lever, and requires less knowledge and skill and experience to operate than any manure spreader we ever heard of. It is almost human in its operations. You work one lever and everything else takes care of itself.

We are selling this spreader because we believe it is the best machine that money can buy. We know this from our own experience, and the experience of others. Come in and listen to the story the "RUSHVILLE SPECIAL" can tell.

Social Calendar

Thursday

Grand club with Mrs. Robert L. Tompkins in the afternoon at 120 East Seventh street.

Social and Playlet by members of Miss Helen Seudders Sunday school class at 7:30 at the home of the teacher 402 West Second street.

Friday on account of the funeral of Lieut. Walter Gartin. Members of the organization are urged to come early in the day as they will spend the time sewing for Red Cross. A pitch-in dinner will be served at noon.

On account of the funeral of Lt. Walter Gartin, the all day meeting of the Dr. Gilbert class of the Christian Sunday school which was to have been held at the Red Cross headquarters tomorrow, to sew for Red Cross, has been postponed until Thursday of next week. Arrangements made for tomorrow's meeting will be continued for that time.

The regular meeting of the S. E. T. Embroidery club was held yesterday afternoon at the home of Mrs. Charles Wilson in North Main street. The guests spent a pleasant afternoon over needle work and the hostess served a prettily appointed luncheon. Aside from the club members Mrs. Derby Green was among the guests.

Miss Donnan's lecture to be given at the home of Mrs. F. G. Hackleman a week from Saturday afternoon will be for the benefit of Red Cross. An admission of fifty cents will be charged and tickets may be purchased from any member of the class.

The knitting party of the Daughters of the American Revolution which was to be given tomorrow afternoon will be postponed until next week.

Continued on Page 5

K. K. K. Opens Way for a War Romance

Sorority Members Decide Upon Unique Manner of Raising Money For Red Cross Yarn Fund—Girls Will Embroidery Names on Blocks For Quilt and Perhaps Addresses Will be Added.

Members of the feminine gender who have never learned the more decorative arts of needlework will be placed in the background by their more progressive sisters when the plans on foot in the Tri Kappa sorority, for the embroidering of a quilt, materialize.

The sorority members have decided upon a most unique manner of raising money for the Red Cross yarn fund and will sell blocks for a quilt to girls and women of Rushville in which they will embroider their names and when returned to the sorority, will be pieced into a quilt and given to the Red Cross to be used in the base hospitals across the sea. The blocks will be made of white muslin and will be embroidered in red.

Reading the names embroidered on the quilt will furnish amusement for some convalescent soldier over whose couch the coverlet may be spread. Some fair maiden with a heart of romance which doubtless surrounds the Sammies who will read the names embroidered there, will perhaps embroider her address as well as her name in the block she has purchased and change the minds of those people who insist that romance is dead.

Red Cross Notes

The interior decorating in the commissioners room at the court house has been completed and work in the bandage classes being held there has been resumed. The walls are very artistically tinted in harmonizing shades of tan and brown.

The regular meeting of the Wednesday evening bandage class of the Red Cross will be held this evening in the surgical dressing class department at the court house. A great demand for surgical dressings has been made on the total classes for bandages to be completed within a week. With this in view the instructors desire a good attendance at tonight's meeting.

The women of the St. Mary's Catholic church will have an all-day meeting at the Red Cross headquarters on Friday when work in all of the departments will be done. A box dinner will be served at noon and the women in charge of the meeting desire a good representation in all three departments during the morning as well as the afternoon. The work will begin promptly at 9:30 and women who have been accustomed to work at the headquarters are urged to attend this meeting and to bring others with them.

Mrs. Charles Newkirk is ill at her home in this city.

Remarkable! Startling!!

are the prices we are offering on our Velvet Suits for this week as a close out. While manufacturers are facing startling advances in materials, trimmings and the cost of labor, we offer the remainder of our stock of velvet suits at a price which is sure to attract. They are attractive styles, quite practical and inexpensive.

\$15.00

buys any velvet suit in our house—those ranging in value from \$30.00 to \$30.50. Sizes are from 16 to 40. Beautiful shades of blue and brown. Every far-seeing woman will want one of these suits for early Spring and Fall wear. You will find it to your interest to visit our ready-to-wear department early this week before the small supply is exhausted.

THEY ARE AS ECONOMICAL TO BUY AS DELIGHTFUL TO WEAR.

The Mauzy Company

Women Plan War Drive In County

Plans and Purposes for Campaign Are Being Outlined By County Chairman, Mrs. Louis Lambert. Expects Rush to be Model County for State in Drive.

Enrollment and registration for war service as a patriotic duty in the war emergency, will be the keynote for the campaign in Rush county when every woman will be asked to register by the county chairman, Mrs. Louis Lambert during the drive to begin April 19.

In a period of ten days every woman in Rush county will be enrolled and registered, classified and listed as to their capabilities for usefulness along patriotic and voluntary service lines such as the war emergency suggests.

Details of organization for the campaign, preparatory publicity, and the distribution of printed matter, preliminary to the work of enrolling will be decided on during this week by county enrolling chairman, Mrs. Lambert and Mrs. A. L. Stewart.

At a recent conference of woman war workers held at the state house in Indianapolis, it is estimated that the April drive will enroll about 500,000 Hoosier women. Ample instructions concerning the manner in which the drive is to be carried on were given by the state registration heads who emphasized the fact that the registration was being made as the result of the request of the war department.

Rush county classification cards testifying of the voluntary offers of service and the capabilities and talent in the county will be preserved by the local council of defense although the summary of the campaign will be forwarded to the war department. Rush county has ranked among the first counties in the state in its military enlistments as well as every patriotic movement since the beginning of the war and the state chairman as well as the county chairman are looking to Rush as a model county for the registration drive.

Miss Julia Landers, chairman of the state committee on woman's enrollment and registration for war service, took a prominent part in the meeting. In connection with the importance of every woman registering, she stated:

"The housewife and mother is performing in her proper place and in the proper way a very definite patriotic duty which is not to be disturbed, and which duty must be done. The mother and home-maker, with her hands full of household cares, will register and be classified with the other patriotic women, but will not in any case be called on to lay down the fundamentals in order to take up purely war tasks. Indiana women are out to make a record and there is good reason to expect that our showing will be a matter for pride."

ASTHMA
There is no cure for asthma but VICK'S VAPORUB can relieve the distressing symptoms.

A Tonic that Builds Strength

The great trouble about a good many Tonics is that they contain ALCOHOL.

Now most of the time this makes no difference, and the amount is unusually small anyway; but in some cases it is not desirable—for instance, where the nervous system is weakened by mental strain, particularly of business men and women.

Here is a splendid Tonic that does not contain a drop of Alcohol. Practically every ingredient in it is a true nerve food, supplying phosphorus and the needed lime and magnesia salts.

For overworked business men, fagged-out women, and puny listless children

DYNAMIC TONIC

is in our opinion, the most valuable remedy that can be given.

Penstar Dynamic Tonic is worthy of your full confidence—the Penstar name upon it guarantees that—and the complete formula is on the label.

AFTER SICKNESS THEY GAVE HER VINOL

And She Soon Got Back Her Strength

New Castle, Ind.—The measles left me run down, no appetite, could not eat at night, and I took a severe cold which settled on my lungs, so I was unable to keep about my household. My doctor advised me to take Vinol, and six bottles restored my health so I do all my housework, including washing. Vinol is the best medicine I ever used. Alice Record, 111 So. 11th St., New Castle, Ind.

We guarantee this wonderful cod liver and iron tonic, Vinol, for all weak, run-down, nervous conditions.

F. B. JOHNSON & CO., Druggists, Rushville, Ind., and at the best drug store in every town and city in the country.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

PLEDGED TO BUY STAMPS

Connersville, Ind., Feb. 19.—As a result of the observation of Thrift Day in St. John's Catholic Church Parochial School of this city, the pupils have pledged themselves for the purchase throughout the year 1918 of approximately \$5,000 worth of War-Savings and Thrift Stamps.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatic or rheumatism has you stiffened up, don't suffer! Get a 25-cent bottle of "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatic and lame back misery so promptly!

Mr. and Mrs. Samuel Kirkpatrick entertained the Rev. Moody Edwards Sunday.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "Anuric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition, a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

Lewis, Ind.—For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothered me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism, along with a constant tired, worn-out feeling. I heard of Anuric and at once began to use it. After taking it a few days I began to feel better. After taking it a month I am now in the best of health. I can now do all my work and am no longer bothered by backache or rheumatism. I am now in the best of health. I can now do all my work and am no longer bothered by backache or rheumatism. I am now in the best of health. I can now do all my work and am no longer bothered by backache or rheumatism.

Send Dr. Pierce ten cents for trial package.

Mr. and Mrs. Orba Warrick have returned from a three weeks visit with relatives near Andersonville.

Leo Mullins, who is in training, at Camp Taylor, Ky., spent Sunday with Mr. and Mrs. Mike Mullins.

Bert Aikin of the Gings neighborhood was here Friday.

William Shubin of Connersville was the guest of friends here Sunday.

William Selm and family are moving to the Harry McManus farm from Connersville.

Mr. and Mrs. Elmer Porter spent Sunday and Monday in Indianapolis the guests of Mr. Porter's father, who is ill.

Mr. and Mrs. Harvey Bradburn were the guests of friends in Carthage Sunday.

Mrs. Garland Newkirk and son have returned home after spending several weeks with her father, Joseph Stevens.

CLAUDE BILLINGSLEY WRITES FROM FRANCE

Young Sammy Thinks Miniature Engines Used Across the Sea Are a Novelty

IN EXPEDITIONARY FORCES

The trains in which we have travelled since coming across are exceedingly small and the engines are merely miniatures of those which draw our trains at home," wrote Claude Billingsley who, with the expeditionary forces is stationed behind the lines in France.

Private Billingsley formerly resided in Anderson and a portion of the letter received by his aunt Mrs. Edgar Noble of this city, follows:

"The snow at present is between one and a half and two feet deep but as the roads are excellent it doesn't take long to clear the snow away and get them in shape for use again. Nearly all of the buildings are made of cement or stone. The huts in which the poorer class of people live are a source of great interest to the soldiers. The huts are tiny little places and so small that they seem scarcely large enough for one person."

Private Billingsley who is well known in this city, enlisted in the heavy artillery in October and landed in France December 15.

"VICTORY" OVER RUSSIA

Hope Offered by German Leaders to People

Washington, Feb. 20.—Germany's military leaders hope to tell the German people with a "victory" against Russia.

That was the way the military men today sized up the German-Russian situation and the fact that despite the Austrian opposition to war on the Russians, the German leaders are now striking blow at Russia.

PICTURES OF FRENCH CHILDREN ARRIVE

Likenesses of Little Orphans Will Be Displayed at D. A. R. Meeting Tomorrow

FATHERS KILLED IN BATTLE

The feature of the knitting party at which the Daughters of the American Revolution will celebrate the Birthday of Washington Friday afternoon at the home of Mrs. D. D. VanOsdol in West Third street will be the viewing of the pictures of the two little French children—a boy and a girl—whom the local chapter has taken to support.

The little girl who is seven years of age is named Micheline David and her father was killed soon after the war broke out, the exact date was Sept. 23, 1914. The boy, who is a child of eight is called Desire Eugene Alexandre Courteuisse and with his mother Andre Marie resides in Notre Dame. His father was killed Oct. 9, 1916, in battle.

The members of the chapter will make preparations at tomorrow's meeting to get in touch with the children's mothers in order to find the most dire needs of the children in order that they may be relieved.

Days Pickings

Miss Ellen Madden, office secretary at the Graham school will assist Miss Elizabeth Flint at the Jackson school every afternoon in the departmental work which has been introduced in the 6B and 6A. There are 51 students in the two grades which made it almost necessary to introduce departmental work. Miss Madden will have charge of the spelling and writing classes.

Lieutenant Weldon Brann, son of Mr. and Mrs. O. C. Brann of this city, who as an officer in the 46th infantry has been stationed at Camp Taylor, Louisville Ky., has been transferred to Ft. Sill Okla. Lieutenant Brann left for Ft. Sill today and while there will take training in the school of fire.

Word has been received from Archie Roam, who has been attending the Radio School in Cambridge Mass. that he has been transferred to Commonwealth Pier at Boston, Mass., Sea Second, Division 7.

Miss Mae Parker daughter of Arthur Parker is seriously ill, suffering with acute indigestion. She is the niece of Mrs. Ethel Wright and Mrs. Owen Sweet of this city.

Leona May Rucker, age five years daughter of Mr. and Mrs. Charles Rucker of Arlington, is suffering with the whooping cough.

Burn Stevens was taken to Michigan City today by Sheriff Ezekiel Jones where he will serve a sentence of from 2 to 21 years.

Osro Parthing, a member of the infantry attached to the 139th field artillery is home on a furlough.

Mrs. Hubert Spillman of Noble township is seriously ill.

ADDITIONAL SOCIETY

The meeting of the D. D. VanOsdol chapter of the Daughters of the American Revolution, celebrating the birthday of Washington, has been postponed until Friday afternoon.

Miss Sue Gregg of North Harrison street will entertain the members of the Social Union at her home Friday afternoon. The meeting has been postponed from Thursday.

RUSH COUNTY IS LEADING STATE

Ahead In Hog Production Which is so Necessary Now to Feed Armies

95,252 SOLD HERE LAST YEAR

Schedule For Hog Meetings to be Held During Remainder of Week is Completed

Importance of the hog industry in Rush county and of the hog production campaign which is being waged here to continue during the next two weeks is shown by a glimpse at the position of this county when compared with others in the state. Figures given out today by the emergency demonstration agent, M. F. Dietrick show this county is probably the leading in the state in this field of endeavor which is so necessary.

Federal statistics show that January 1, 1916, there were 57,673 hogs in Rush county and that during 1915 102,673 were sold by farmers in this county while the same year 32145 succumbed to various diseases. During 1916, 95,252 hogs were taken to the market from here and disease claimed 9,041 more. The number on hands January 1, 1917 was 63,766.

These statistics are given merely to show the great part pork plays in the business of this county and how much the development of the hog industry means to the welfare of every farmer, merchant and banker in the community. It is not only a war project which must be carried out, but will mean thousands of dollars to Rush county farmers.

Special hog meetings to discuss how farmers can profitably increase their pork production twenty percent are being held in various parts of Rush county. The meetings began today with a meeting at the Burl Kennedy farm north of Arlington and will continue until Saturday afternoon. John Brown of Purdue university, a successful hog raiser, will speak.

The schedule of meetings will be as follows: Moscow school, 7:00 p. m. this evening; Thursday, 10 a. m., Milroy school; 1:30 p. m., Richland school; 7 p. m., May town hall; Friday, 10 a. m., Carthage theater; 1:30 p. m., court house Rushville; 7:00 p. m., Glenwood school; Saturday 10 a. m., New Salem school.

A. L. TRIBBLE APPEALS CASE

Fined For Obstructing Public Highway With Mixer

A. L. Tribble was fined one dollar and costs in mayor's court yesterday afternoon for obstruction of a public highway by leaving a concrete mixer on Eleventh street for several months. He appealed his case and furnished a fifty dollar cash bond. Mr. Tribble has been reminded several times to remove the machine but failed to do so and for that reason the charge was filed. He had the contract for paving Eleventh street.

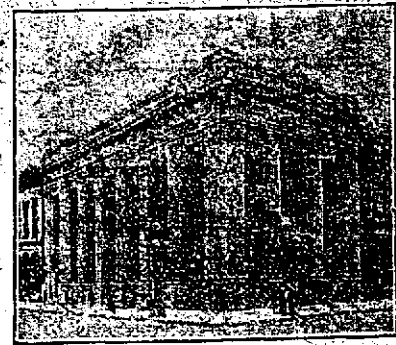

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back Hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys. Also it neutralizes the acids in the urine, so it is the most effective remedy for bladder troubles.

We Can Not All Join the Army or Navy

But We Can All Join The
NATION WIDE CAMPAIGN
Of Thrift and Conservation and become members of the vast Supporting Army at Home whose help is vitally essential to the success of our boys at the front.

Whatever may be your plans for Thrift and Savings, we will be glad to co-operate with you and aid in making them successful.

IF YOU could plant every hill of corn on your farm by hand you would add hundreds of dollars to the value of your corn crop. Yes, sir, accurate planting would mean 20 to 30 more perfectly planted hills out of every 100! Would mean 7 more bushels from each acre! Would mean \$350.00 extra profit from each 40 acres you planted.

You can have this accurate planting. You can get it in the J. I. Case!

Drop in any day and see this planter! See what its wonderful accuracy means to you in bigger crops and more profits—how it actually pays its cost several times over the first year you use it!

See It Demonstrated By
